

ACHIEVEMENT

Nirav P. Patel, a student of 4th semester, Electrical Engineering Department got the second rank at Exhibition of Innovative Projects organized at Innovation HUB, District Science Centre, Dharampur under the Festival 'Dikcakra 2020' held on 26th and 27th February 2020.

INSTITUTE ACTIVITIES

The NSS Cell of the institute organized its first camp at PadamDungri Eco Tourism Resort on 14th and 15th February 2020. Mr. H. B. Pavagadhi and Mr. Vaibhav Desai co-ordinated the camp. The activities organized at the camp included a health check up for students of Ashram Shala and a rally for awareness for cleanliness for the villagers. A lecture on conservation of forest, trekking at the surrounding hills, zip riding and camp fire was organized for the 40 students who participated in the camp. Mr. C. H. Bhatt, the Principal, Mr. M. M. Gamit and Mr. Dhiren Patel visited the camp one evening. It was a matter of gratitude that the forest department and Gram Samiti of PadamDungri village allowed the participants to use the entire campus.

(Cleanliness Awareness Rally at the PadamDungri village)

(Health check up for students of Ashram Shala)

(Students participating in the camp)

MEGA PLACEMENT FAIR

Department of Technical Education and Department of Higher Education, Govt. of Gujarat has organized “Mega Placement Camp” for all final year students on 20th February, 2020 at Government Engineering College Valsad. The motive of this Job fair was to provide Job opportunities to students during their final year of study. Total 267 students of our institute from all departments have taken the benefits of this fair and finally 137 students of Government Polytechnic Valsad have been selected in various industries.

DEPARTMENTAL ACTIVITY

FACULTY ACTIVITY

Mr. K . L. Kharadi, Mr. M.R. Nasit, Mr. M.P.Deshpande and Mr. U.A. Sutaria from the Chemical Engineering Department participated as Jury Members in Smart Gujarat for New India Hackathon 2019-20 at SCET, Surat on 24th and 25th February 2020.

PROJECT PRESENTATION

Final year students with faculty member, Ms. A J Patel of civil engineering department participated in 'Dikarka 2020' organised at Dharampur, Valsad on 26th and 27th February, 2020. Students presented their final year project to the visitors.

SEMINAR

A seminar on 'Career Guidance' was arranged on 17 Feb, 2020. Final year students of Civil Engineering Department participated in this event with faculty members, Mr. D R Saniawala and Mr. A S Maisuria. Students gained knowledge about career related information.

EXPERT LECTURES

The Mechanical Engineering Department organized an expert lecture on 'Solid Works' by Mr. Tejash Thakor for the 4th semester students on 12th February 2020.

The Mechanical Engineering Department organized an expert lecture on 'Low Carbon Economy' by Mr. K. H. Patel for the 6th semester students on 12th February 2020.

An expert lecture on '*Recent Trends In Construction Management*' was arranged on 18th February, 2020. Final year students of Civil Engineering Department participated in this event with faculty members, Mr. S D Kakwani and Mr. A S Maisuria. Students gained knowledge about recent trends in construction management.

An expert lecture on '*Autocad Software*' was arranged on 24th February, 2020. Second year students of Civil Engineering Department participated in this event with faculty members, Mr. S D Kakwani, Mr. D R Saniawala and Mr. G K Patel. Students gained knowledge about application of basic and advanced 2D and 3D commands of Autocad software.

An expert lecture on '*Safety And Hazard Management*' by Mr. Hamendra Raval was arranged on 29th February, 2020 for the fourth semester students of Chemical Engineering Department.

A Swachhata Shapath was taken by Chemical Engineering Department students on 17th February 2020.

VISITS

The Mechanical Engineering Department organized an industrial visit at Sugar Factory, Valsad for the 4th semester students as a part of the actual picture of industry on 7th February 2020.

A visit at the Rain Gauge Station at Gadat, Navsari was arranged on 9th February, 2020. Second year students of Civil Engineering Department visited this building with faculty members, Mr. A J Patel, Mr. H A Mistry and Mr. K C Patel. Students gained knowledge about Types, components and recording procedure of rain gauge.

A visit at JK Laxmi Cement Ltd., Surat was arranged on 14th February, 2020. Final year students of Civil Engineering Department visited with faculty members, Mr. K. P. Billimoria, Ms. A K Shah and Ms. H P Oza. Students gained knowledge about various manufacturing processes of Cement.

A visit was arranged to Fort- Architectural Monument, Surat on 15th February, 2020. Final year students of Civil Engineering Department visited with faculty members, Mr. K. P. Billimoria, Mr. D. P. Rao and Mrs. N C Pandya. Students gained knowledge about various restoration concepts and its positive impact on historical structure.

A visit to Green building at Essteam Architecture Office and Fountainhead School, Surat was arranged on 15th February, 2020. Final year students of Civil Engineering Department visited with faculty members, Mr. D P Rao, Mr. K. P. Billimoria and Mrs. N C Pandya. Students gained knowledge about various concepts, techniques and technologies implementation to achieve green building certification.

The Mechanical Engineering Department organized an industrial visit at Ukai Hydro Power Station, Ukai, for the 6th semester students on 15th February 2020. The visit helped the students learn the proper management of the production process of electric energy from water and had a chance to extract more knowledge of functioning and working of a Power Plant and its various equipments.

A visit to Railway Track and Yard, Valsad was arranged on 19th February, 2020. Second year students of Civil Engineering Department visited this building with faculty members, Mr. A J Patel, Mr. G K Patel and Mr. H A Mistry. Students gained knowledge about Railway Track components and maintenance methodology.

A visit at the site of demolition of Mahatma Gandhi Library, Valsad was arranged on 25th February, 2020. Final year students of Civil Engineering Department participated in this event with faculty members, Ms. A K Shah, Mr. K C Patel, Ms. B P Patel and Ms. A S Maisuria. Students gained knowledge about demolition methods and safety requirements.

The Electrical Engineering Department organized an industrial visit at Trans-Electro, Gundlav GIDC Valsad for the 6th semester students on 28th and 29th February 2020. The visit helped the students to gain knowledge of maintenance of transformer and various tests on transformer and transformer oil. About 70 students visited the industry.
